

RV COMPONENTS

SGUINZI

WINDOWS

Standard or custom designs for all types of vehicles, coated aluminium frames and single or double glass configurations according to Customer's requests. Available with manual and electrified opening systems. Lightweight, robustly built and watertight.

S3/ES3: manual or electric parallel sliding window.

ERGOST: flush sliding windows equipped with our patented ergonomic double directional opening device.

ENTRY DOORS

Hi-standard entrance doors equipped with Patented "MIME" hidden hinges system, flush aspect on the outside and fine designed interiors, available in different colors and finishes. Two-point own designed manual or electric (EDi) locking system. Available in STD or XL version with different windows sizes and accessories. Fine looking, strong, reliable and perfectly sealed to dust and water.

PANORAMIC ROOFS

Hi-standard panoramic glazed roofs, fixed and openable. They integrate perfectly with vehicles through a fine and innovative design. Noiseless and watertight.

SPECIAL PROJECTS

We strongly believe in co-design. We are a strong partner for special projects or customized solutions. Many manufacturers rely on us to create innovative products or turn their ideas into reality, thanks to our design capabilities and solid technical experience. Full-glass doors, double doors, innovative roofs and floors, special aluminum profiles and accessories...what's next?

DRIVER DOORS

Hi-standard driver doors, automotive derivative, equipped with our own designed two-point locking system. Hidden hinges, electric sliding glass (single or double), central locking, fine interior design, up to date materials. Custom designs available.

SERVICE DOORS

Hi-standard aluminium framed service doors with a modern flush aspect, thanks to our own designed and patented "MIME" hidden hinges system. Perfectly sealed to dust and watertight.

Sguinzi is one of the leading European suppliers of windows, doors and components for vehicles and cabs.
